Out of town friends are only a call away

CE3-1191

A heart-warming visit when you are lonesome . . . a call to reassure you when you're worried . . . a business discussion with someone in a distant city—Long Distance is quick, personal and satisfying. And it costs so little.

It's Easy to

Call Long Distance

Station-to-Station . . . If you'll talk with anyone who answers at the telephone you call, just tell the operator the Area Code and telephone number you want. This is the fastest and most economical way of calling. If you don't know the number, give the operator the name and address and she'll get it for you.

Person-to-Person . . . If you want to reach a certain person, department, hotel room or extension telephone, tell the operator. Charges do not begin until you reach the person, department, hotel room or extension telephone you have requested. Rates for these calls are higher than station-to-station calls.

Collect Calls . . . If you want to call "Collect," please tell the operator at the time you place your call so she can obtain approval from the person you are calling.

Reduced Rates . . . Reduced rates are in effect on most station-to-station calls and out-of-state person-to-person calls every night from 6 P.M. to 4:30 A.M. and at all hours of the day on Sunday and on the holidays of Thanksgiving, Christmas and New Year's Day.

Overseas Calls . . . Calls to practically all the world's telephones can be made from your telephone. Information on countries which can be called and rates may be obtained from the Long Distance operator. Reduced rates apply on calls to many countries during night hours and on Sundays.

Conference Calls . . . Long Distance conference service permits connection to your telephone persons in different cities at the same time. Ask Long Distance for the conference operator.

Free Personal Directories . . . Just call the telephone Business Office for a copy of the Blue Book in which to list out-of-town numbers frequently called.

515 Your Long Distance AREA CODE NUMBER

Eventually it will be possible for everyone in the United States to dial long distance calls direct to the telephone being called. Right now, operators are dialing most long distance calls just as you will be doing someday.

The nation is divided by areas into a telephone numbering code plan. It will help the operator complete your calls faster if you give her the *Code Number* of the *Area* into which you are calling, in addition to the telephone number of the person being called.

Your area, Central Iowa, has Area Code 515. Your friends, relatives and business associates from outside the Central Iowa area can speed their calls to you by giving Long Distance operators your *515 Area Code* number along with your telephone number. When giving your telephone number to persons who may call you long distance, include your Area Code number so that they will have it to give to the operator when they call you.

The operator does not need the Area Code when you place calls to points within your Area (515). She does need it, however when you make calls to places outside of your home area. Therefore, whenever you obtain a telephone number of a person outside your area be sure to ask him for his area code number. Then write it down in your personal Blue Book of telephone numbers and give it to the long distance operator to help you speed up your calls.

GENERAL TELEPHONE INFORMATION

DIALING A LOCAL CALL

1. **LOOK UP**
and
JOT DOWN
the number.

2. **HEAR**
the
DIAL TONE
before you
dial.

3. **DIAL CAREFULLY**

Be careful not to confuse the numeral "0" (zero) with the letter "O" or the numeral "1" with the letter "I".

SERVICE SIGNALS—The soft burr-r-ring" sound repeated at regular intervals means that the telephone dialed is ringing. Give the person called time to answer, about 10 rings, before you hang up.

A steady "buzz-buzz-buzz" sound means the called line is in use. Hang up and call again later.

REPLACE THE RECEIVER—Always replace the receiver carefully after each call, making sure it is not held up by a book or other object. When it is not replaced, even on an extension, it puts your telephone out of order and no one can call you. On party lines when one receiver is not replaced, every telephone on the line is out of service.

IF A MISTAKE IS MADE—If you make a mistake when dialing, hang up for a few seconds before trying your call again.

DIAL SERVICE ASSISTANCE—If at any time you need the services of an operator to place or complete a call, dial Operator.

SUSPENSION OF SERVICE

When you are to be away from your residence for an extended period, you may arrange to have your telephone service temporarily suspended at a reduced rate. You may retain your telephone number and there is no charge for resumption of service upon your return. Call your Business Office for further information.

REGULATIONS AND RATES

Regulations and tariffs governing the furnishing of service by the Telephone Company are on file in Telephone Company Offices. If you wish, a representative will be glad to assist you in obtaining information from them.

TELEPHONE DIRECTORY

Every reasonable precaution is taken to avoid errors in and omissions from the telephone directory, but the Telephone Company does not guarantee listings therein and shall not be liable for damages arising out of errors in or omissions from the directory except as provided for in its filed regulations and tariffs.

Directories are the property of the Telephone Company and are to be returned to the Telephone Company on request. No binder, holder or auxiliary cover shall be attached to, or used in connection with, the directories owned by the Telephone Company, except such as may be provided by the Telephone Company, and such other binders, holders or auxiliary covers which contain no advertising and do not impede reference to essential service information or otherwise interfere with service.

TELEPHONE ATTACHMENTS

All equipment needed to provide telephone service is owned and furnished by the Telephone Company. In the interest of safety and good service, no attachment to the Telephone Company's line or apparatus is permitted which may—

- (1) damage, require change in or alteration of, or involve direct electrical connection to the equipment or other facilities of the Telephone Company—

- (2) interfere with the proper functioning of such equipment or facilities, or impair the operation of the telephone system, or in any other manner injure the public in its use of the Telephone Company's services—

- (3) endanger the public or the Company's employees.

TELEPHONE RECORDING SIGNAL

If you hear a high "beep" tone over your telephone about every 15 seconds, it means the person with whom you are talking is recording your conversation. This signal is provided by the Telephone Company for your protection. Use of a recorder without a tone-warning device is contrary to the Company's tariffs and is not permitted. If you do not want your conversation recorded, ask the person with whom you are talking to disconnect the recorder.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams and radiograms to the Western Union Company and have the charges placed on your telephone bill. (Applies to N. W. Bell Telephone Co. exchanges only.)

USE AREA CODES FOR FASTER LONG DISTANCE SERVICE

The United States and Canada are divided into more than 100 Telephone Areas, each identified by a three-digit Area Code.

When placing your call with the Operator, just say, for example, "Area Code 311 KL 5-2368," or "Area Code 311 555-2368." If the Operator needs to know the name of the place you are calling, she will ask you for it. Your call will still go through faster.

If the Area Code of the city you are calling is the same as your Area Code, do not give the Operator the Area Code.

You save time when you call by number

You'll save yourself time these busy days by keeping a list of the telephone numbers of out-of-town friends, relatives and business associates you may wish to call.

When you give the number to "Long Distance," she can put through your call without the lost time required to call "Information" at the distant place to get the number.

To make it easy for you to keep a list of out-of-town telephone numbers, we've prepared a handy personal directory. To get your copy — free — just call, write or stop in at your nearest telephone office. There's no charge, of course. We'll supply the numbers for you, too, if you give us the names of people you frequently call.

ALWAYS LOOK FOR THE NUMBER ...before calling Information

The quickest way to find a telephone number is to look it up in this directory. If you call "Information" for numbers already listed, you lose time.

When the number you want isn't in the directory, the thing to do is to call "Information" and write down the number on your telephone call list. That way you'll have it next time you want to call.

He's sending his voice
where his thoughts are.

*It means so much, costs so little,
to keep in touch by*

LONG DISTANCE

*Call by Number —
it's twice as fast.*

Ames Civic Information

Historical

The land upon which the village of Ames was later established was originally purchased from the government by Mrs. Cynthia O. Duff. On November 26, 1864 this property was deeded by Mrs. Duff to John I. Blair and in July, 1864 the first settlement was made and the Cedar Rapids and Missouri River Railroad (now the Chicago and North Western Railway) was built west to this community.

In 1865, The John I. Blair Land Company laid out and platted the original town of Ames, consisting of twelve blocks located north of the Chicago and North Western Railway Company's right of way; and between Duff Avenue on the east, Burnett Avenue on the west, and Eighth Street on the north.

The settlement was named in honor of Oakes Ames, a Massachusetts Congressman, who was financially interested in the building of the, then, Cedar Rapids and Missouri River Railroad. Congressman Oakes Ames donated a church bell to the Congregationalists in honor of their erection of the first church in the town. There are now 27 churches in Ames with many other denominations holding services in special halls and in Memorial Union.

In 1866 Ames was successful in its struggle with Nevada, the county seat, for the location of the "narrow gauge" railroad to Des Moines. This railroad known as the Iowa and Minnesota Railroad was not completed until 1874. Later in the Seventies, this railroad was extended north into Hamilton County to a prairie station, called Callanan, long since abandoned. The railroad after being operated for several years was purchased by the Chicago and North Western Railway Company and widened by them to standard gauge.

In 1859 the citizens of Story County voted \$10,000.00 in bonds and assisted in raising an additional \$11,000.00 in cash and land to secure the location of Iowa State College of Agriculture and Mechanic Arts. The first legislative appropriation for buildings was made by the state in 1864. The school was formally opened on March 18, 1869, with A. S. Welch as President.

The 1959 session of the Iowa Legislature approved a change in name to Iowa State University of Science and Tech-

nology effective July 4, 1959. The present total value of land, buildings and equipment of Iowa State University is about \$43,390,000.

Ames was incorporated as a village in 1870 and became a city of the second class on November 13, 1893. Results of the 1960 census placed Ames as a city of the first class with a population of 26,975, including college students. At the time of incorporation in 1870, there were 656 residents.

Ames is located in Story County, close to the geographical center of Iowa, 33 miles north of the State Capital, Des Moines. The city is at the junction of two major transcontinental highways—U. S. 30 and U. S. 69, and is on the main line of the Chicago and North Western Railroad. Bus service is provided in the city by the Midwest Transit Company and out of the city by the Greyhound and Jefferson Bus Lines. Air service is provided by the Howard Flying Service, located at the Municipal airport.

Ames has a city daily newspaper published 6 days a week, a student daily newspaper published 5 days a week, two radio stations, KASI and WOI, and one television station, WOI-TV.

Many state and federal institutions and offices are located here, among which are the Iowa State University, the Iowa State Highway Commission, Iowa Agricultural Extension Service, Soil Conservation Service and National Animal Disease Laboratory.

Among recreation facilities in Ames are 3 theaters, 1 drive-in theater, 2 athletic fields, 2 field houses, 2 gymnasiums, 3 public golf courses, 3 swimming pools, 4 bowling alleys, 1 skating rink, 1 billiard parlor, the Ames Golf and Country Club, the Ames Municipal Airport. 166 acres of park area and hundreds of public events annually—music, lectures, dramatics, athletic and social events.

When you need

A PRODUCT OR SERVICE

If it's furniture just turn to "Furniture" in the "F" section. Look over the list of furniture dealers and then pick the dealer whose message, location, brand names, or other features appeal to you.

Whether you need a plumber or a florist, a TV repairman, a moving van, or any other product or service look under the appropriate heading . . . and you'll find them fast in the Yellow Pages.

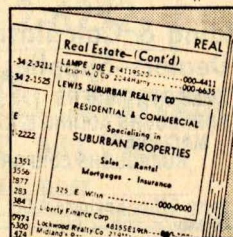

When you want to

FIND A FIRM WHOSE FULL NAME OR ADDRESS YOU'VE FORGOTTEN

If, for example, you have forgotten the name of a real estate company you want to call but remember the address, check the listings under "Real Estate" until you come to the address and you'll recognize your firm.

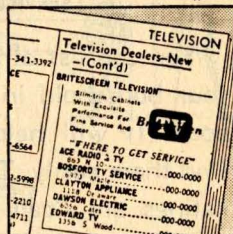

Perhaps you can remember only part of the name . . . that "Suburban" is in the firm's name. Look through "Real Estate" listings and you'll, no doubt, quickly recognize the full name of the company.

When you want to

FIND A "BRAND NAME" PRODUCT OR SERVICE

If you want to know who handles "Britescreen Television Sets" just turn to "Television Dealers" in the Yellow Pages and look for "Britescreen Television" in alphabetical order, with Brite-screen dealers listed under it.

When you want to

FIND FIRMS OFFERING SPECIAL SERVICES

Need a tow truck in the middle of the night? Or a plumber or furnace repairman? You can find them fast in the Yellow Pages.

You can find out which restaurants are open on Sunday, where to get an ambulance or chartered airplane, rent a post hole digger or a wheel chair. A look in the Yellow Pages can answer a lot of questions, save a lot of time and trouble.
